Specifications

## ANALOG INPUT BLOCK.FUSEPE

140CFH00800

-  **Discontinued on:** 31 Dec 2022
-  **To be end-of-service on:** 31 Dec 2030

 To be discontinued

**Price: 6,302.61 ZAR**

### Main

|                                       |                                                                                                                                                                                                                          |
|---------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Range Of Product                      | Modicon Quantum automation platform                                                                                                                                                                                      |
| Accessory / Separate Part Designation | CableFast terminal block with fuses                                                                                                                                                                                      |
| Accessory / Separate Part Type        | Terminal block                                                                                                                                                                                                           |
| Accessory / Separate Part Categor     | Connection accessories                                                                                                                                                                                                   |
| Accessory / Separate Part Destination | Quantum I/O module                                                                                                                                                                                                       |
| Product Specific Application          | Provides plus, minus, shield and power supply interfaces<br>Provides power supply interfaces for both field and loop power configurations<br>Provides 8 connection 0.063 A fused point sets for the analog input modules |
| Additional Information                | Each point is allocated 4 terminals                                                                                                                                                                                      |

### Complementary

|                       |                                                       |
|-----------------------|-------------------------------------------------------|
| Product Compatibility | 140AVI03000<br>140ACI03000                            |
| Number Of Ways        | 8 contacts                                            |
| Electrical Connection | 1 female connector SUB-D 50<br>Captive screw terminal |
| Mounting Support      | Standard DIN rail                                     |

### Packing Units

|                              |         |
|------------------------------|---------|
| Unit Type Of Package 1       | PCE     |
| Number Of Units In Package 1 | 1       |
| Package 1 Height             | 11.5 cm |
| Package 1 Width              | 18.0 cm |
| Package 1 Length             | 27.0 cm |
| Package 1 Weight             | 400.0 g |
| Unit Type Of Package 2       | S04     |
| Number Of Units In Package 2 | 10      |
| Package 2 Height             | 30.0 cm |
| Package 2 Width              | 40.0 cm |
| Package 2 Length             | 60.0 cm |
| Package 2 Weight             | 4.7 kg  |

Excluding VAT and subject to change. Please check with your local distributor through "Where to buy"

# Contractual warranty

|          |           |
|----------|-----------|
| Warranty | 18 months |
|----------|-----------|

## Sustainability

**Green Premium™** label is Schneider Electric's commitment to delivering products with best-in-class environmental performance. Green Premium promises compliance with the latest regulations, transparency on environmental impacts, as well as circular and low-CO<sub>2</sub> products.

**Guide to assessing product sustainability** is a white paper that clarifies global eco-label standards and how to interpret environmental declarations.
