

EE806

Remote control for motion detector conf.

Architecture

Number of keys	24
----------------	----

Configuration

Module	télécommande
--------	--------------

Compatibility

Sensors associated	EE85x,EE86x,EE87x
--------------------	-------------------

Controls and indicators

- 3 configuration ranges for control, switch-off delay, brightness threshold

Battery

Battery service life [years]	~ 5
Number and type of replacement batteries	1 x 3V CR2032

Detection

- RC6 code

Materials

Colour	black
--------	-------

Dimensions

Height of installed product	10 mm
Length	111 mm
Width of installed product	63 mm
Dimensions (LLxwwxhh)	120x70x10mm

LED control

- additional acknowledgement LED for displaying the IR transmission

Settings

- setting of the brightness threshold manually, by default values or teach-in mode
 - default settings can be selected for the brightness threshold daylight, office, corridor
-

Accessories included

Accessory type	Manual transmitter for movement sensor
----------------	--

Identification

Application, usage	Motion detector, KNX - sensors
Main design line	Motion detectors
